Temple End Pet Club

# Welcome...

At **Temple End Vets** we have designed our **Temple End Pet Club** so that you as a pet owner can ensure your pets receive the very best quality preventative treatments, through a simple monthly direct debit. We want to make **health care easy and affordable** while still helping you give your pets the optimum care possible.

Our pet health club is not pet insurance. It covers the regular treatments your pet needs throughout life, such as vaccinations, flea and worm treatments and regular health checks. Extra benefits include **great discounts** on food and other routine treatments your pet might need.

Read on for more information or speak to one of our team today to find out how you can save money while providing for your pets ongoing health.
